### **MANITOBA NATUROPATHIC ASSOCIATION**

#### **3 Seal**

The board must adopt a corporate seal for the association, and may change a corporate seal that has been adopted.

#### **4 Meetings of the Association**

##### **4(1) Annual meeting of the association**

The annual meeting of the Association must be held during the month of November every year, at such time and place as may be decided by the board for the purpose of receiving the annual report of the board, including the annual financial statements and auditor's report of the Association, and the reports of officers and committees. Written notice of the meeting signed by the registrar must be mailed to each registrant at his or her address as it appears on the books and records of the Association, not less than 10 days before the meeting.

##### **4(2) Other meetings of the association**

A meeting of registrants of the association may be called by the president at any time, at the direction of the board or upon request of at least 25% of the registrants of the association. Written notice of the meeting signed by the registrar must be mailed to all registrants not less than 7 days before the meeting.

**4(3) Technical deficiency does not invalidate**

The accidental omission to give notice of any meeting, or the non receipt of any notice by any registrant or registrants, or by the auditor of the association, does not invalidate any resolution passed or any proceedings taken at any meeting of registrants.

**4(4) Questions to be decided by vote**

Every question submitted to any meeting of registrants must be decided by a majority of votes cast by registrants on a show of hands. In case of an equality of votes, except as provided by subsection 5(5), the chairperson must both on a show of hands and at a poll have a second or casting vote. At any meeting, unless a poll is demanded, a declaration by the chairperson that a resolution has been carried, carried unanimously or by a particular majority, or lost or not carried by a particular majority is conclusive evidence of the fact, without proof of the number or proportion of votes recorded in favour of or against the motion.

**4(5) Absence of chairperson**

In the absence of the president and vice president, the registrants present at any meeting of registrants must choose another member of the board as chairperson. If no member of the board is present, or if all the members of the board present decline to act as chairperson, the registrants present must choose one of their number to be chairperson.

**4(6) Voting procedure**

If at any meeting a poll is demanded on the election of a chairperson or on the question of adjournment, it must be taken forthwith without adjournment. If a poll is demanded on any other question, it must be taken in such manner and at the time that the chairperson directs. The result of a poll is deemed to be the resolution of the meeting at which the poll was demanded. A demand for a poll may be withdrawn. If a poll is demanded, the chairperson must appoint two scrutineers for the purpose of taking the vote.

**4(7) Adjournment**

The chairperson may, with the consent of any meeting, adjourn it from time to time. No notice of such adjournment need be given to the registrants. Any business may be brought before or dealt with at any adjourned meeting which might have been brought before or dealt with at the original meeting, in accordance with the notice given for the original meeting.

**4(8) Quorum**

The presence of two registrants is a quorum of any meeting of members for the choice of a chairperson and the adjournment of the meeting; for all other purposes 10 percent of registrants must be present to constitute a quorum. No business shall be transacted at any meeting unless the requisite quorum is present at the commencement of such business.
